It gives me great pleasure to present the new BabyStyle Collection for 2020. It’s been a really exciting year for us from designing in the studio to crafting in the workshop to putting our new products through their paces with parent test panels.

We’ve been innovating across the travel category and have some fantastic new launches to share with you. Whether you’re looking for an easy compact folding stroller to fit into a busy lifestyle, a practical 3 or 4-in-1 travel system for those family days out, or just looking to enhance your strolling experience with some of our must-have accessories, you’re sure to find just what you need.

Born in Britain and still family owned, we work tirelessly with the very best designers and manufacturers across the nation, Europe and around the world to bring to market products that are contemporary by design as well as those that are more classic and traditionally styled.

Our mission is simple – to develop quality products that really have the wow factor, whilst never compromising on comfort, safety, functionality, affordability or style.

On behalf of everyone at BabyStyle, I’d like to wish you all the very best in your new parenting adventure, and hope you enjoy shopping the new collection.

Andy Crane - Managing Director
NEW TO THE COLLECTION THIS SEASON

2020 has seen the introduction of culture inspired tones across brand collections.

Highlights include two new colours for the revolutionary Oyster3 stroller, recently awarded Which? Best Buy for Pushchairs January 2020 – Noir combines a striking matte black chassis with caviar herringbone fabric, whilst the new Manhattan excites with the nostalgic hustle of 5th Avenue dressing a timeless houndstooth fabric on a city grey chassis.

The new Capsule (i-Size) infant car seat, offering rearward facing travel from 40cm to 83cm (approx. 15m); compatible with both the Oyster Zero and Oyster3, it is available in all Oyster colours.

New to the Prestige collection is Sage, a beautiful addition to the Nimbus collection. Airing notes of the English countryside, Sage redefines tradition for Prestige - styled on a satin black chassis.

The original Hybrid stroller introduced multi-award winning design and brought about a new expectation in adaptive tandem strolling; available in three vibrant tones, the new Hybrid 2 exceeds beyond, as it turns heads whether on a journey through town or an expedition like no other...
CARING FOR YOUR LITTLE GEM

Parenting is an adventure - if you are preparing for your first child, this is a journey that will change your lives. Those who have been there and done it will tell you it is the toughest yet most rewarding thing you will do in life. We are here to help you through that journey, making life and caring for your little gem that little bit easier.

A hallmark brand for BabyStyle, Oyster is renowned for its original design, enhanced functionality and innovation, from colour choices to new chassis development and special editions. A range that is stylish, practical, affordable and fashioned around you; this is the beautiful new Oyster collection.

BY YOUR SIDE, ALL THE WAY

For those just starting out, parenthood is a beautiful and wonderfully rewarding way of life; amongst all the exciting experiences ahead though are some daunting ones, not least choosing the right car seats for your children.

As experts in our field, we are here to help you through it; by your side, all the way.

Here is a quick **ALL YOU NEED TO KNOW** about car seat safety in the UK.

1 **BELTED VS ISOFIX SEATS**

It is highly recommended that a newborn baby should leave the hospital in an infant car seat. Whether a car seat is ‘Isofix’ or ‘Belted’ refers to how that car seat is secured in a vehicle.

- **Belted**
  - Always use a 3-point seatbelt if used in a road vehicle. This will keep the car seat secure during transit (unless it is being used in an exemplified circumstance for example in a taxi, on a bus or on an aircraft).
  - Isofix car seats usually also have car seat guides for 3-point seatbelts in the event a vehicle does not have Isofix points.

- **Isofix**
  - Can be clicked on to an ‘Isofix base’, which is in turn secured to the vehicle using ‘Isofix points’ (usually found between the car backseat and backrest).

2 **OUR ROLE**

Europe is leading the field in safe road travel, and as an active member of the British Baby Products Association, it is our responsibility to work with our peers to improve car seat safety.

2013 saw the introduction of a new type of car seat regulation - **i-Size (ECE R129)**.

**WHAT IS i-Size?**

Recognising the importance of correct muscular growth as well as the safety, security and comfort of a child during transit, i-Size is a measurement scheme that takes into account the height of a child (cm), as opposed to governing their suitability on weight (kg) alone.

Models are also tested to a higher level of safety and provide an increased level of protection around the head and neck area. The i-Size regulation also imposes mandatory rearward facing travel up to 15 months.

By 2022, all new car seats must adhere to i-Size guidelines.
Duofix i-Size Base

Designed to offer optimum safety performance, convenience and comfort, the Oyster Duofix i-Size is an Isofix base that is compliant with the latest regulations in European car seat safety (i-Size - ECE R129).

As an Isofix base offering click ‘n’ go functionality, the Duofix i-Size is easy to install and employs a red to green notification system to ensure a secure fit.

For stability, the base has an adjustable leg, which can be folded in for storage as well as a rebound bar which is designed to prevent upward movement and excessive pivoting in the event of a collision.

TRADITIONAL STROLLING, BEAUTIFULLY REDFINED

Innovation has changed the way we live and has become expectation. We have embraced this change and are constantly working with the very best around the world to bring forth the next best thing but it would be wrong for us to ignore our roots - after all, classic British design is often regarded as the best in the world.

The Prestige collection is designed to offer a real sense of pride, heritage and status, turning heads as you stroll. As our heritage brand, Prestige is for parents with an obsession for build quality and optimum ride comfort.

There are two chassis options – the Classic, traditional design with chrome framework and high performance suspension; and the Active, offering authentic character, incorporating contemporary functionality with smart and enhanced styling.

TIMELESS DESIGN, EFFORTLESSLY BEAUTIFUL

They say what makes a house a home is the people around you – Family; As a family run business, there is nothing more important in the world. But our company wouldn’t be what it is without passion and love for what we do; pride in our craftsmanship, our attention to detail, the quality of our products, service and care on a daily basis. One category we are particularly passionate about is our nursery furniture.

Born in the Leicestershire countryside, the Charnwood collection is inspired by design styles from all over the world. This inspiration is bought to life through the veneers of our Bordeaux collection and the dreamy details of our Marbella room sets. Whether your home interior airs a sense of nostalgia or requires effortlessly beautiful nursery furniture, the Charnwood collection has something for all.

HERITAGE MAKES US WHO WE ARE

We are a proud British, family-owned business, based in the Leicestershire countryside and nothing is of more significance to our identity than the pride we take in our heritage.

Our expertise and passion is woven into the development of our products, whether that be through the innovation of pioneering design for our revolutionary strollers, or finishing our fabrics with a handstitched signature label that says it was made ‘by BabyStyle’.

We take pride in pushing ourselves year after year to produce market leading products that work for new parents all over the world…
